Ted,

Attached are suggested revisions to the transmittal letter. I tweaked the language on explaining the City's proposed realignment and our desire to resolve the alignment tweak through the process described in the PA. I think it is good to include the information on the Native Hawaiian Organizations suggested by the ACHP.

I will be out of the office tomorrow. To keep the process moving since the letter may need legal review, I copied Renee and Chris since I know that Renee is out of the office until Monday. If the letter and PA cannot go until Monday, it may be a good idea to call and let the signatories know tomorrow that the PA is coming for their signature. I am not sure whether you or Ray would make that call.

Have a good weekend!

Liz

Liz,

I've never done one of these transmittal letters before, so I based it on the standard Region IX letter approach. Please review.

In stating the impacts of the alignment change, this letter assumes that SHPO has concurred to our letter seeking concurrence on the APE change and impacts determination. And this hasn't happened yet. Should that statement be removed to proceed faster?

Questions: How do we do this? Send the Signature page to them in order, after we sign?

I added the two edits from ACHP as suggested, but did you concur on adding this language to Stipulation XIII that was in the ACHP email?

If, at any time during implementation of the provisions of this PA, an NHO informs the City or FTA that it attaches religious and cultural significance to properties within the APE, FTA shall invite that NHO to participate in reviews and consultation carried out under the terms of this PA."

Also, as you suggested I changed the building's name change in the PA, but left SHPD in the PA in response to the City's two comments.

Hey Ted –

How's the PA coming along?

Liz
